

# Testimonials

**Q** I am an Apostolic pastor's wife in Tennessee. I have just finished reading *Apostolic Counseling* and *Seven Secrets of Mental Health*. What refreshment to my soul! I feel like I am on the brink of something HUGE in my spirit. I am interested in taking classes online. Do you offer such a thing?

---

**A** ISC is so excited about the course, "*Christian Counseling from Scripture!*" Hundreds have taken the course so far—both online and in their local churches. The course has also been taught in four colleges. Here are a few of the comments about it:

---

I am doing assignment 3 in *Christian Counseling from Scripture* and I am thoroughly enjoying it. I have read Sis. Doty's book on *Apostolic Counseling* and enjoyed it very much. I read your book through before I started the course and enjoyed it. I also threw out some books on my shelf that I have had for a number of years. They were in direct contradiction of the word. Even though we say we believe the word, it is so refreshing to know the Word is right and the pressures of the world to look elsewhere are false. This course has been challenging to my thinking because of what I have been filled with through the secular world, being raised in the 60's and 70's. --Rev. Mark Uzupan

This class has truly been an eye opener for me. I only wish I had this kind of teaching years ago. I was personally on my face before God seeking help in understanding why I must go through the same trials time and time again. Wondering why God would not remove the problem or give me a way out of my problems. But God allowed me to see the reason was that I was so focused on myself and how I viewed others as treating me wrong. But when I got involved with Soteric counseling, it helped me to see I needed to refocus on God and His Word and start walking in the light of His Truth again. I feel such an inspiration and new ness in my walk; I can hardly believe the change! --Carol Seward

---

This class has enlightened me in the area of counseling to the point that when I talk to people or hear the preaching and hear talk shown, it gives me an ear to listen and see how society has put such trash into our minds. It has also helped me to take a clearer look at myself, and see how far the Lord has brought me out of some habits and thought patterns that were in my life. I thank you for opening up this subject in the lives of people who desire to know the truth. --Carolyn Queenan

---

This course has been an absolute Godsend for me, personally. Everything about the course has encouraged me and caused me to search the Scriptures even more diligently! What an awesome treasure God has given us in His Word! I'm just finishing up the 10th and 11th lessons, along with the counseling assignment. I know that I do want to go on as far as I can go with this. Our people really have no idea what a cancer is growing in our midst through the marriage of psychology and Scripture. –*Anne Richardson, New Brunswick*

---

I never would have imagined I could have grown this much! We are so ignorant and do not even know it. This class and the instructor have challenged me. The material is incredible and the foundation it is placing in my life will be far reaching in the work of the kingdom. Thank you for being obedient; you have blessed me—and you have equipped me! --*Jeffrey B. Queenan*

---

This class has been such a blessing to me. I've always wanted the knowledge of how to help others and never knew how to go about it. Now I have direction and knowledge. God healed me from Manic-Depression and I have such a burden to help others struggling with it. Soteric Counseling has given me the know-how. Praise God, now I have the knowledge plus the burden, and am so happy! –*Linda J. Collins*

---

This class has been exactly what I've been waiting for. Not only has it been an eye opener to the way we subtly let things creep in unawares, but it has thrown up red flags in my mind on what I allow to enter in. This class has helped me to put all my focus back on the saving and healing power of Jesus and His Word. If God can't help us, then who can? Thank you for putting me back on the track. I only wish I had this information years ago. "Sound the alarm!" –*Trish Clark*

---

Sister Doty's class has been strength to my soul! It is through this class that I have developed an awareness of major psychological approaches that have made their way into the church. The instructor has done a wonderful job in providing a working knowledge of true Christian counseling, and has opened my eyes in such a way that, after each class, I walk away with a great thanksgiving to God for such awesome teachings of truth. –*Norma Velarde*

---

This course has already impacted my life by strengthening my walk with God and providing me the tools to become a powerful and effective Christian Counselor. The references are well organized and to the point. I know I will always apply both God's Word, and the contents of this binder, to help others to know the Way during my long road of ministry. ---*Frank Anthony Cruz*
